

NITRIDUO CUTPRO

Double dipped Nitrile coated glove combining high cut and excellent grip in oily and wet conditions. Ideal for oily tasks with sharp parts that require excellent grip.

FEATURES

HPPE blended shell is light-weight and thin, offering exceptional cut resistance (Level D) and durability.

Double-Dipped nitrile coating on the full hand helps to keep the hands dry, extends the life of the glove and provides excellent abrasion resistance.

Nitrile sandy coatings are impermeable providing an elevated grip in dry and oily conditions.

High grip performance for safe handling in dry-to-oily environments.

Knit Wrist helps to prevent dirt and debris from entering the glove.
